- : Chief, [redacted]
- : Acting Chief, Supply Division
  - Logistics
  - Unit Prices in Field Machine Records System

1. Request Supply Control Center check feasibility of utilizing three (3) decimals position in unit prices in field machine records system to conform with Headquarters. Price supplement of Supply Catalog presently being distributed, to be effective 1 July 1955, reflects unit prices in three (3) decimal places.
2. To avoid complications in clearing monetary differences in In-Transit accounts, it is essential that the price fields be identical in field operations and Headquarters.
3. Please advise of any major obstacles in effecting this change.
